Geosystems

**FINAL STOCK CLEARANCE**  
**Digicat 550i \$2,950 incl. GST**

**Package includes**

1x Digicat / x1 Digicatex / 1x Signal Clamp / 1x Carry Case

The Leica Digicat locates buried conductive services by receiving electromagnetic signals which radiate from them. The Digicat's intelligent software interprets the signal data and provides the operator with an audible response to the location and direction of buried utilities. Service depth indication, when used in conjunction with the Leica Digicatex 100t signal generator or sonde in 8/33 kHz mode.

**Only 5 units available at a this very special price.**

**WARNING**

**Dial Before You Dig - It's the LAW in NSW**

The penalty for interference with electricity or gas works has been doubled to \$22,000 for individuals and \$440,000 for corporations. The maximum jail sentence has also been increased to five years.
