

# LEICA GS18 I

## SPECIAL INTRODUCTORY OFFER

The new Leica GS18 I works with Leica Captivate field software for image capturing, on site point measurement and quality assurance in the field. Continue the workflow by measuring with Leica Infinity software in the office and save expensive on site time. It also expands the possibilities beyond measuring points to creating a 3D point cloud that can be further used in design and analysis.

**Purchase a GS18 I rover package in September and receive this COMPLIMENTARY software offer!**

### One year Infinity subscription including:

**Subscription :** Infinity 1 year subscription

**Survey Base :** Infinity Basic, TPS Processing, Level Processing, Points from Images

**Survey Advanced Option :** GNSS Post Processing, 3D Network Adjustment

**Data Prep Option :** Surfaces & Volumes, Point cloud tools (scanning), Infrastructure

**Point Clouds from Images Option :** Point clouds from images

Valid until 30th September 2020
